CHARACTERIZATION OF VOLATILES IN COMMERCIAL AND ...

nowhere to be found in rum Rum ether therefore currently possesses a solid foundation of rum-like odor notes, especially wood extractives and short-

chain esters, but could benefit from the addition of certain fermentation-derived compounds and the removal of several unpleasant off-notes

RUMA has it: Rewired User-space Memory Access is Possible!

Of course, this re-laxes the definition of continuous memory, as every access has to go through the indirection now As we will see, depending on the usage of the memory, this can incur significant overhead Obviously, demonstrated at the example of pooling, we face a general trade-off in memory management: flexibility vs access performance

Anthropocene or Capitalocene? Nature, History, and the ...

In short, the enemy to be met is not us, dear Pogo, but capitalism, whose unrelenting exploitation "Yes, of course ," I thought But I didn't have a sense of what the Capitalocene might mean, beyond a reasonable—but not particularly interesting—claim that capitalism is the pivot of today's biospheric crisis This was also a time
