WHAT IS LIFE? The Physical Aspect of the Living Cell with MIND AND MATTER & AUTOBIOGRAPHICAL SKETCHES ERWIN SCHRODINGER
UCAMBRIDGE: J. UNIVERSITY PRESS

Mind in Life

Where there is life there is mind, and mind in its most articulated forms belongs to life. Life and mind share a core set of formal or organizational properties, and the formal or organizational properties distinctive of mind are an enriched version of those fundamental to life. More precisely, the self-organizing features of mind are an

The Life of the Mind - The University of Utah

The life of the mind is governed by the need to reconcile the apparently irreconcilable. Our experience is organized by means of strategically placed boundaries that serve to separate the manageable from the unmanageable - the "in here" from the "out there." Discovery and self ...

A guide to self-care

into your life? Self-care can be incorporated into your life by listening to your body, heart, mind and the voices of trusted friends However, it is up to you to identify activities and behaviours that will be most beneficial to your own wellbeing A 'self-care plan' can become a valuable reminder of:
